DARKSKY APPROVED

Downward-facing FL05s help reduce light pollution by preventing wasted uplight. DarkSky approved when set to 3000K and used with our Fixed Mount (sold separately).

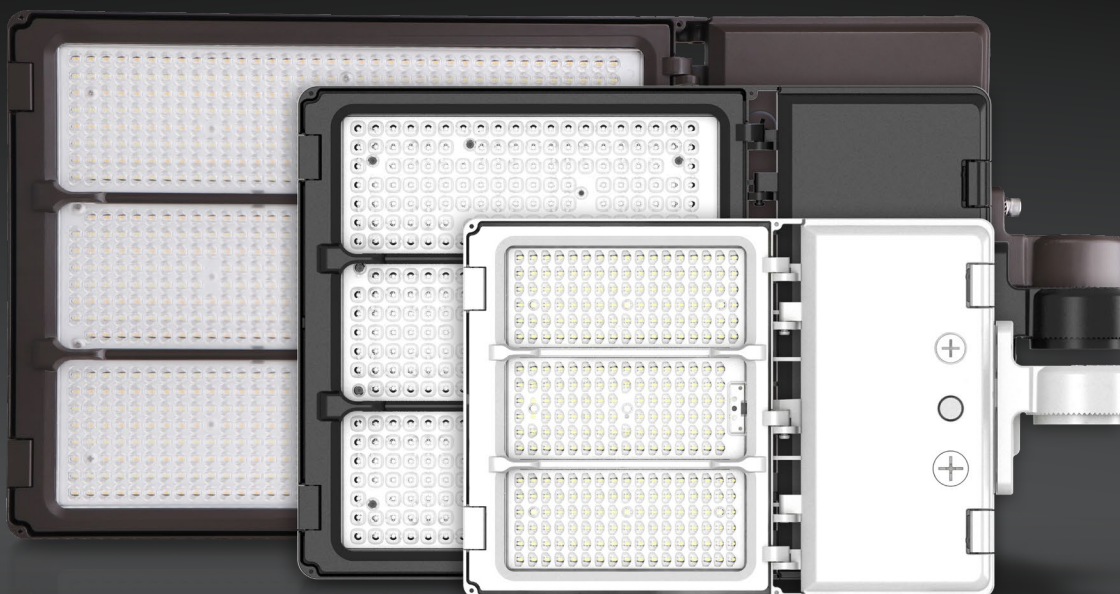

ULTRA VERSATILE

With 3 power levels, 3CCT options, and 120-347V, the Flex series area lights let you configure light output exact as your project requires.

LIGHTING WITH INTENTION

When installed parallel with the ground, using the fixed mount, the FL05 delivers light exactly where it's intended—on walkways, pavement, and task areas.

FLEX | AREA LIGHTS

Area lighting has never been easier with all the features you will ever need in one sleek, attractive package. These rugged die-cast aluminum fixtures are photocell and sensor compatible, stocked in bronze, black, and white for quick shipping!
